The great thing in this world

is not so much

where we stand

as

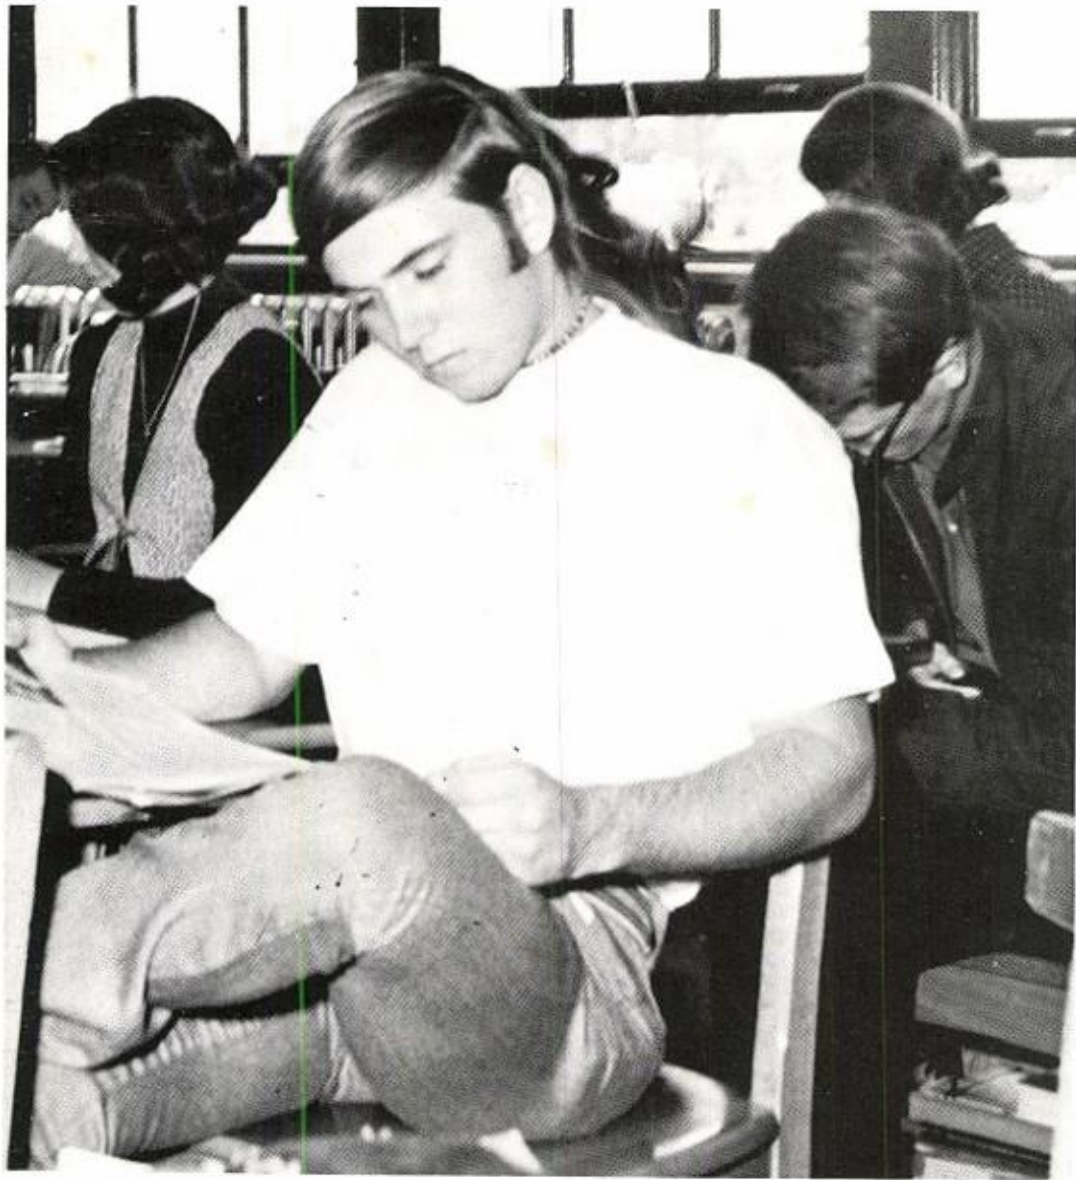

in what direction

we are going.

— *Holmes*

The *Parhischen* Parkersburg High School 1972

Practice is the
best of all
instructors

Publius Syrus

It takes more
than a team —

A pep club helps . . .

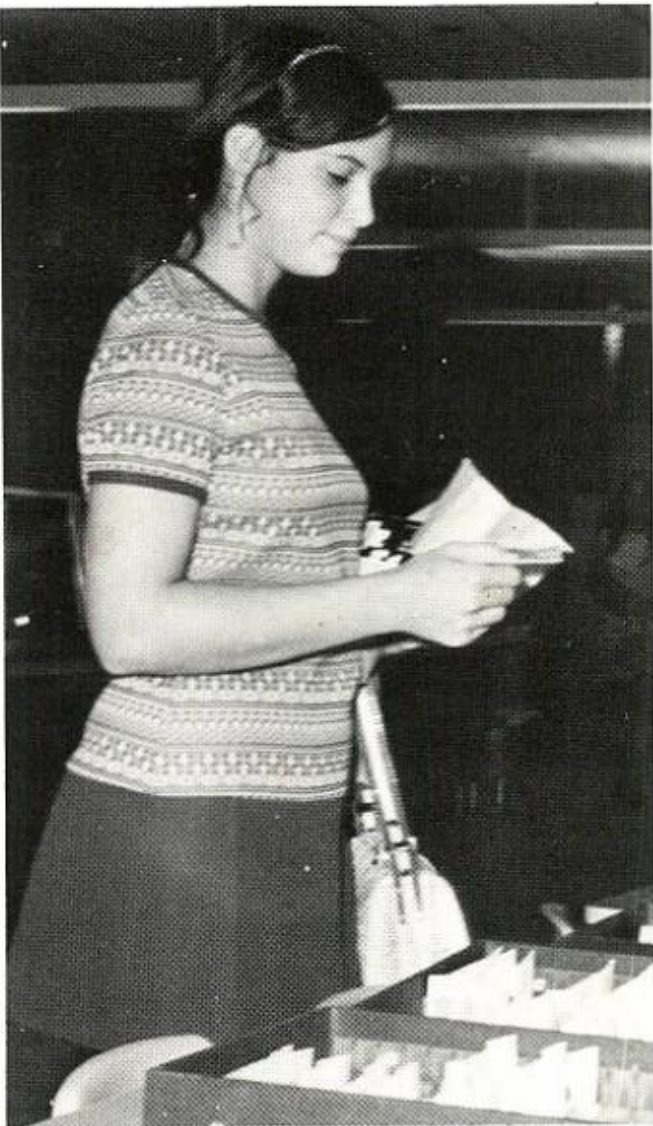

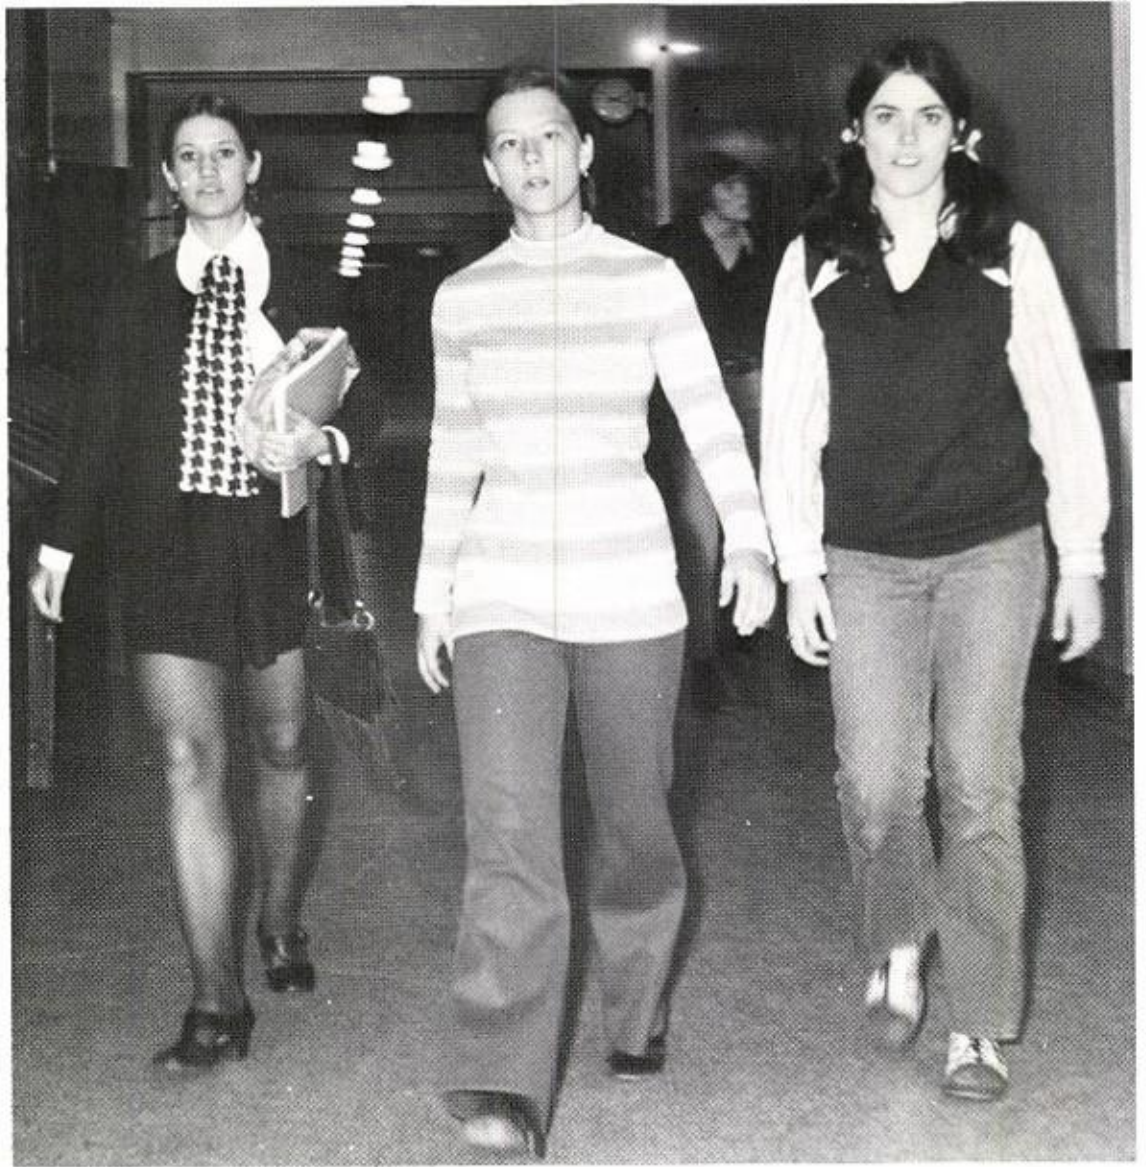

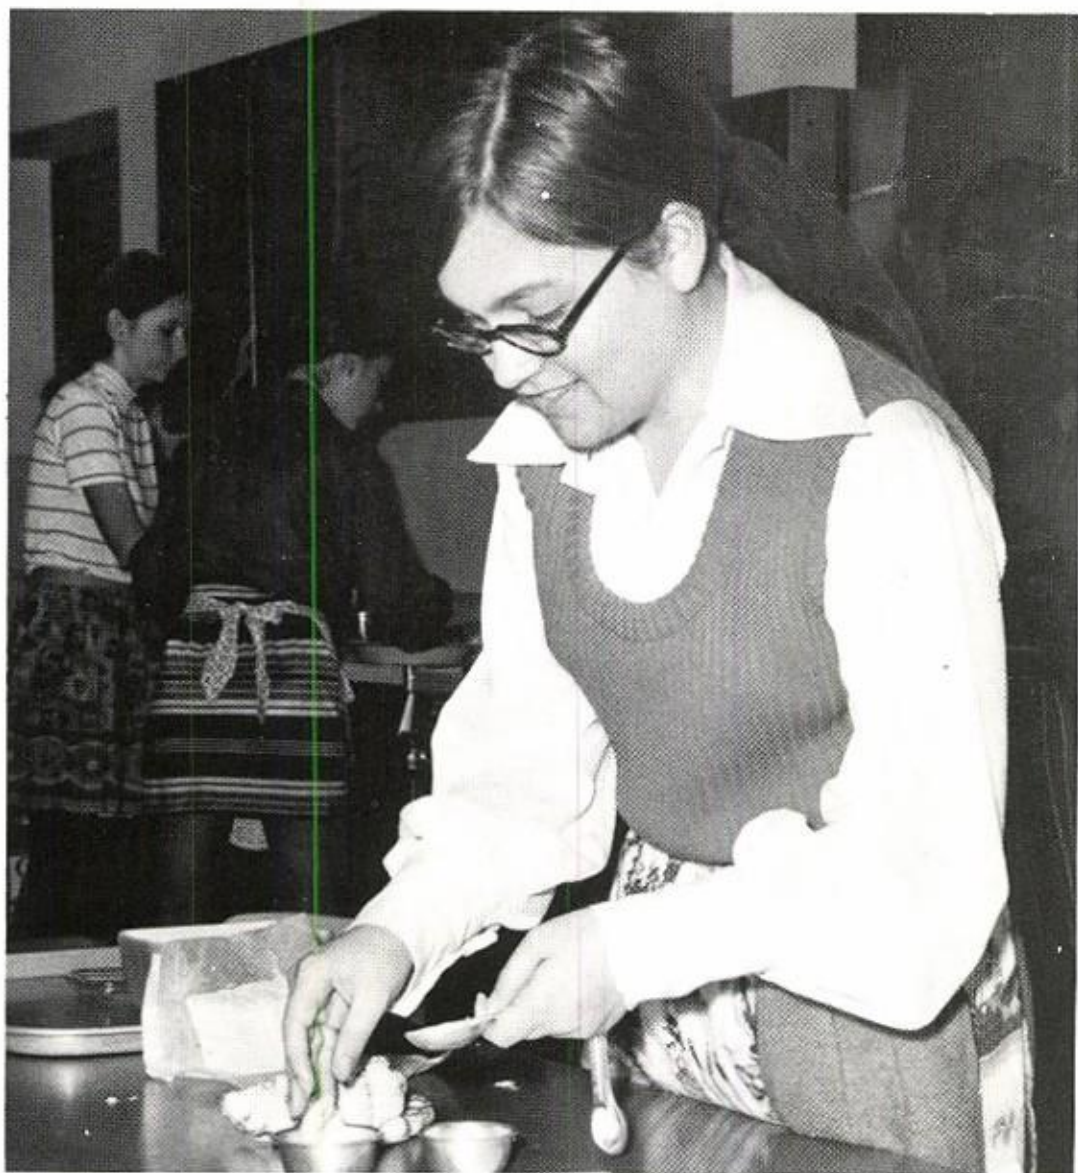

to make
the
BIG REDS
go

School is
not all work

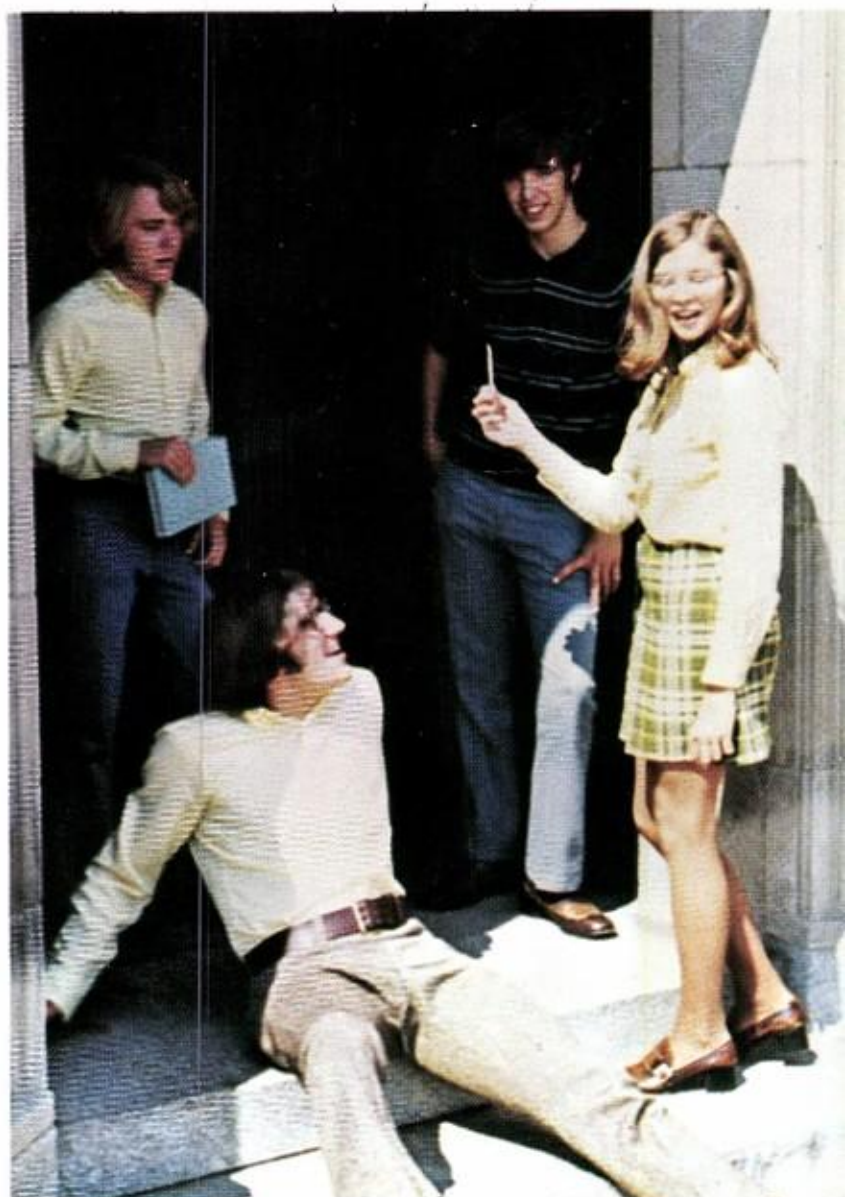

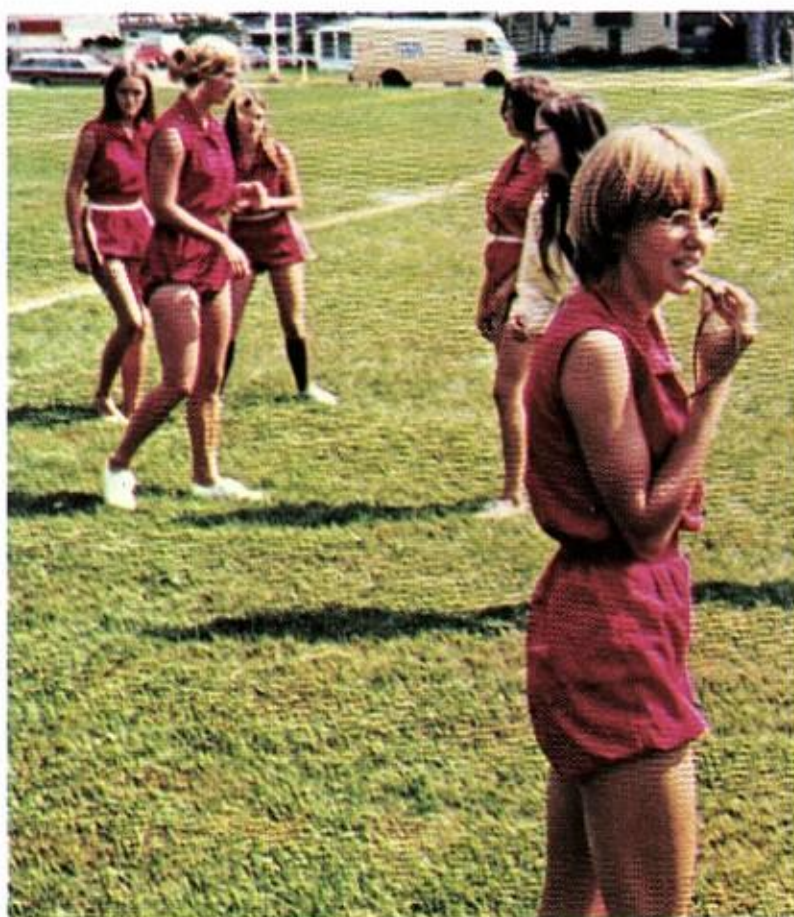

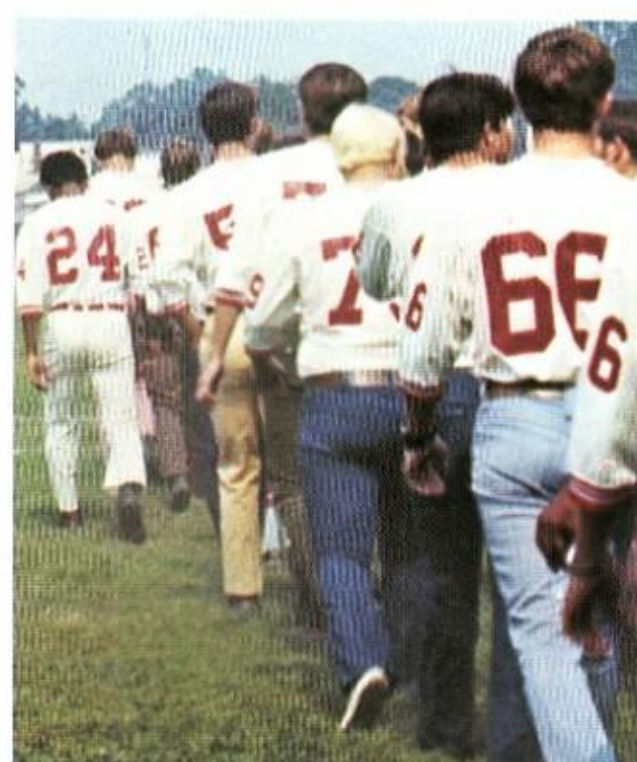

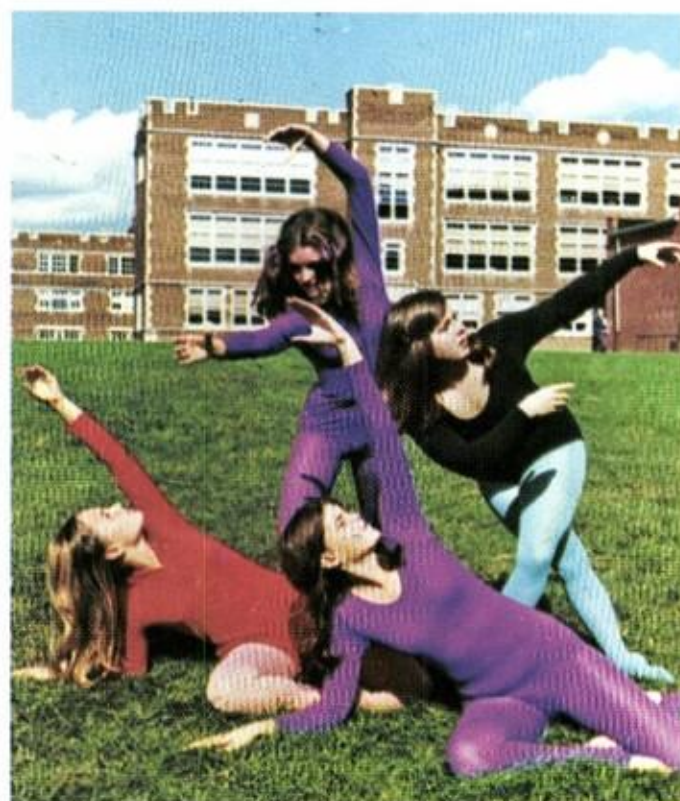

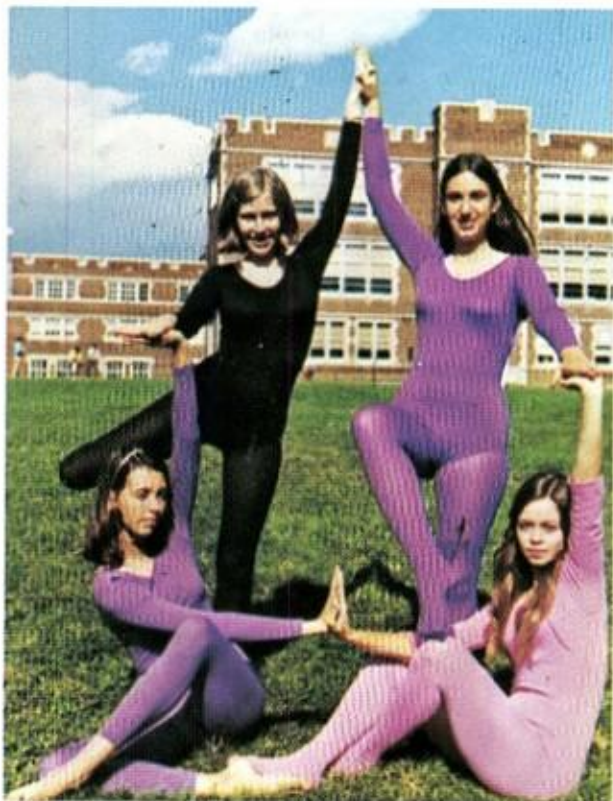

but . . .
some play

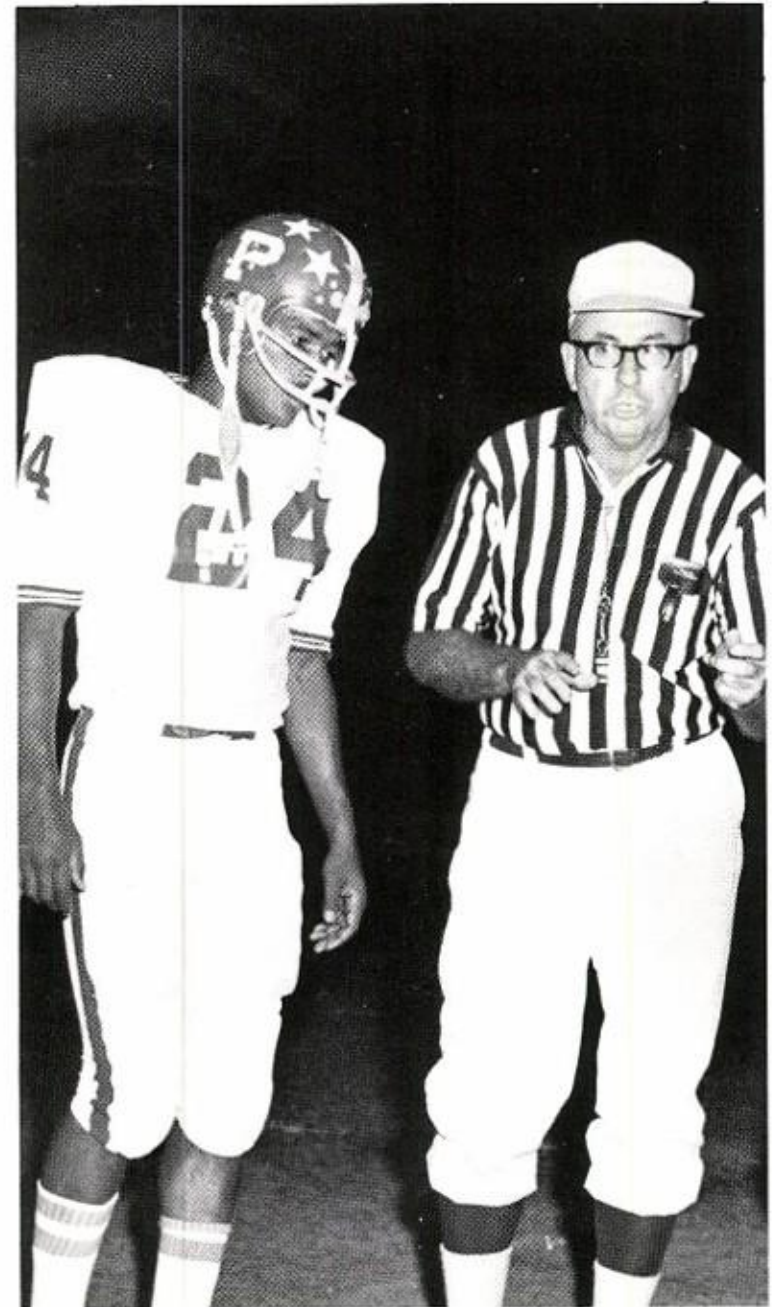

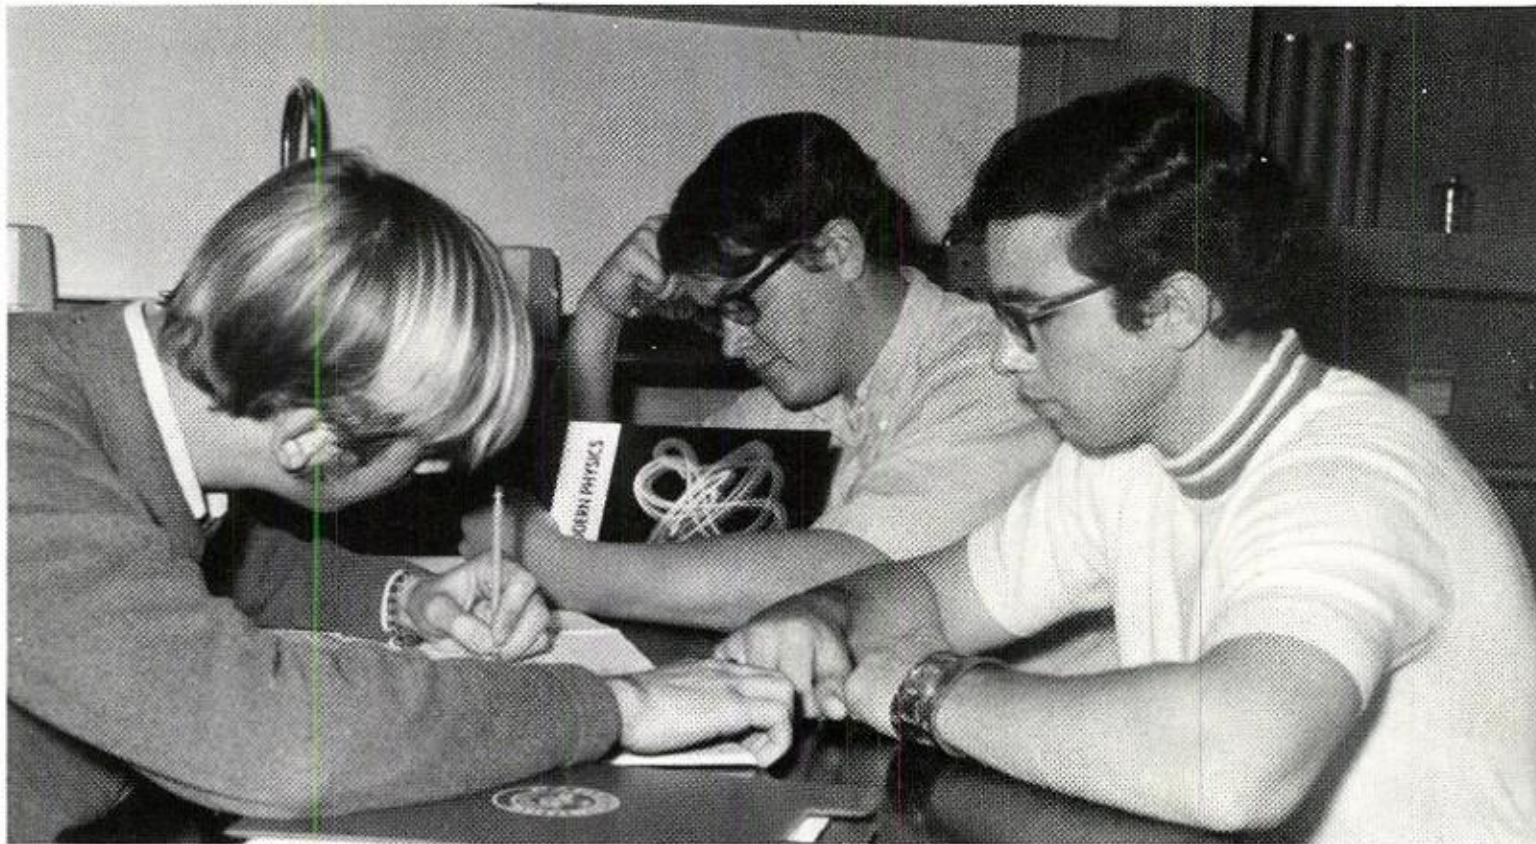

The building of a full
character . . .

. . . lies in the
exercise of
both mind
and body.

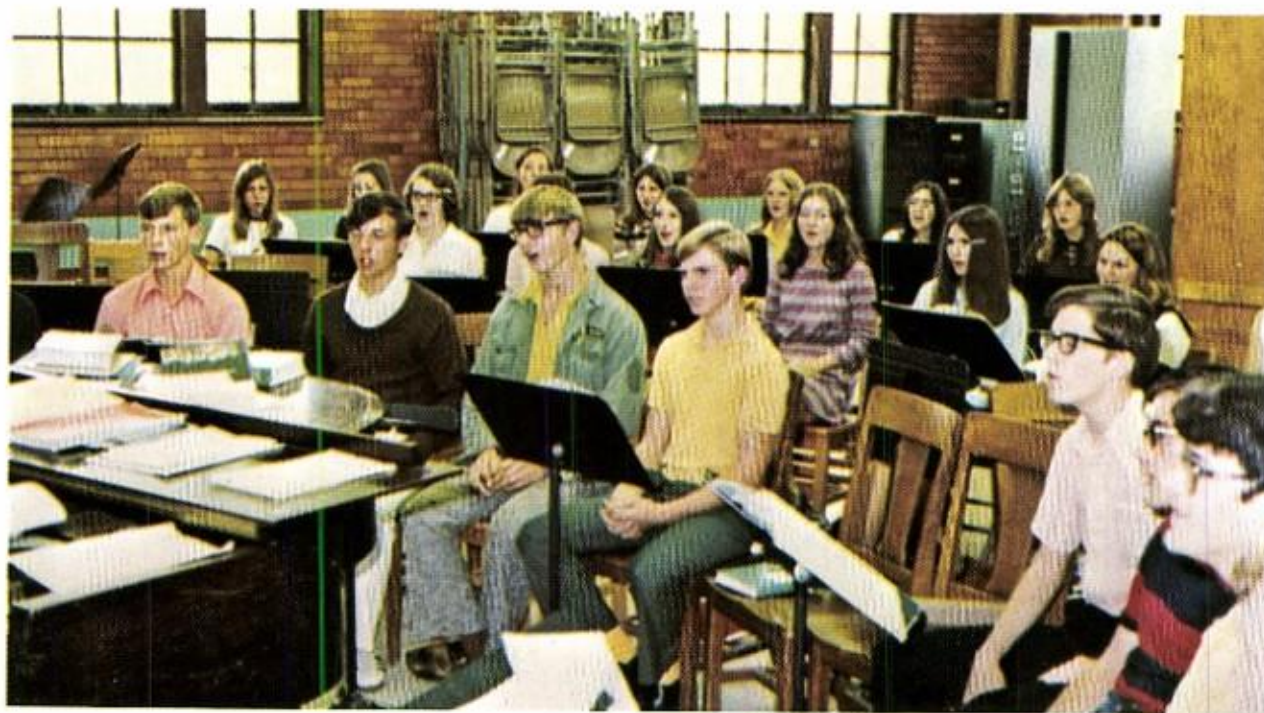

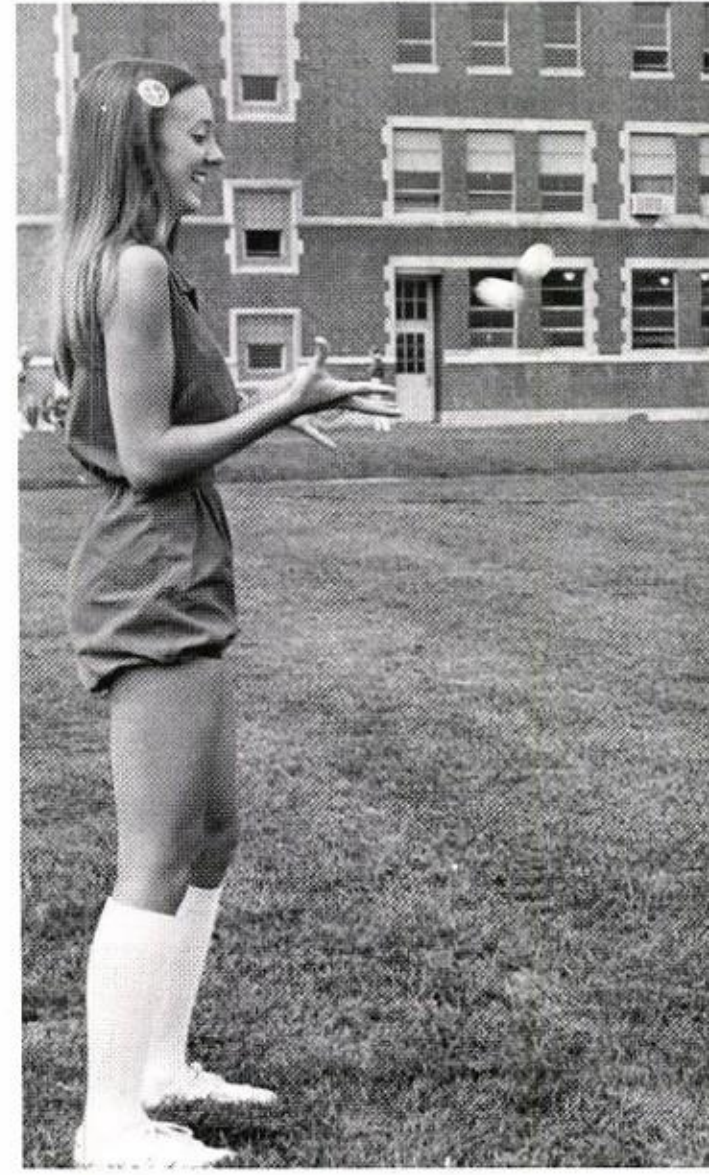

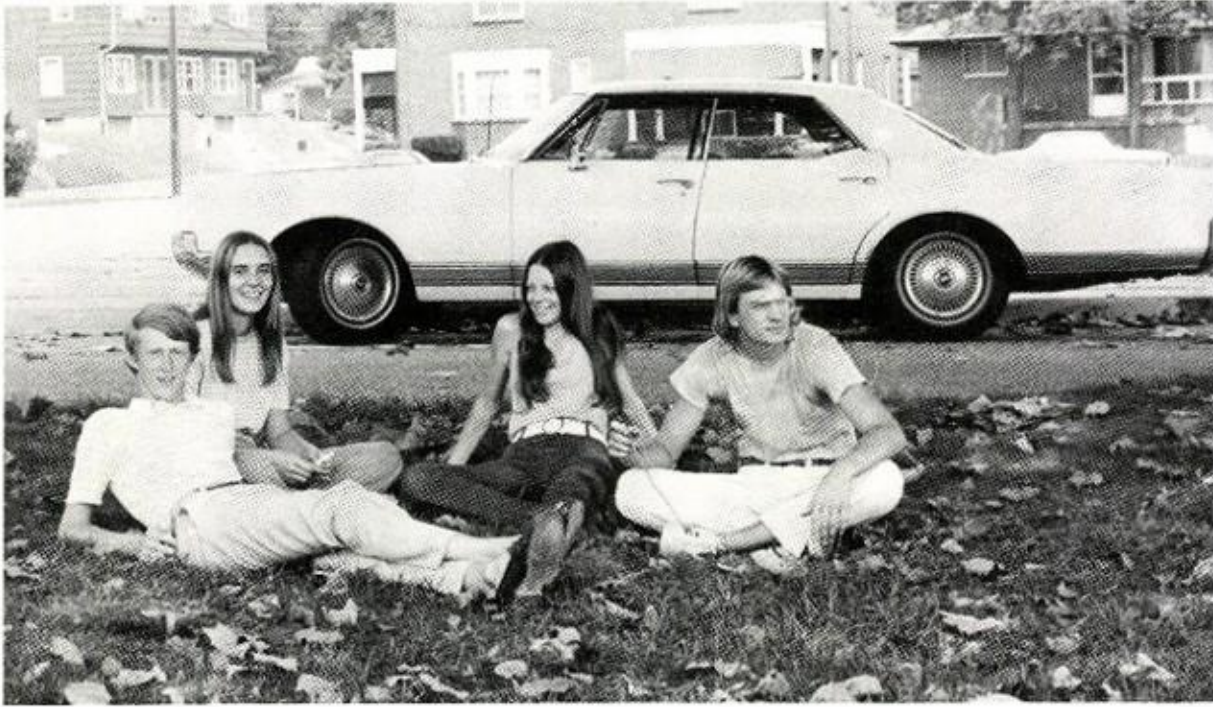

Concentration
is a necessity in learning

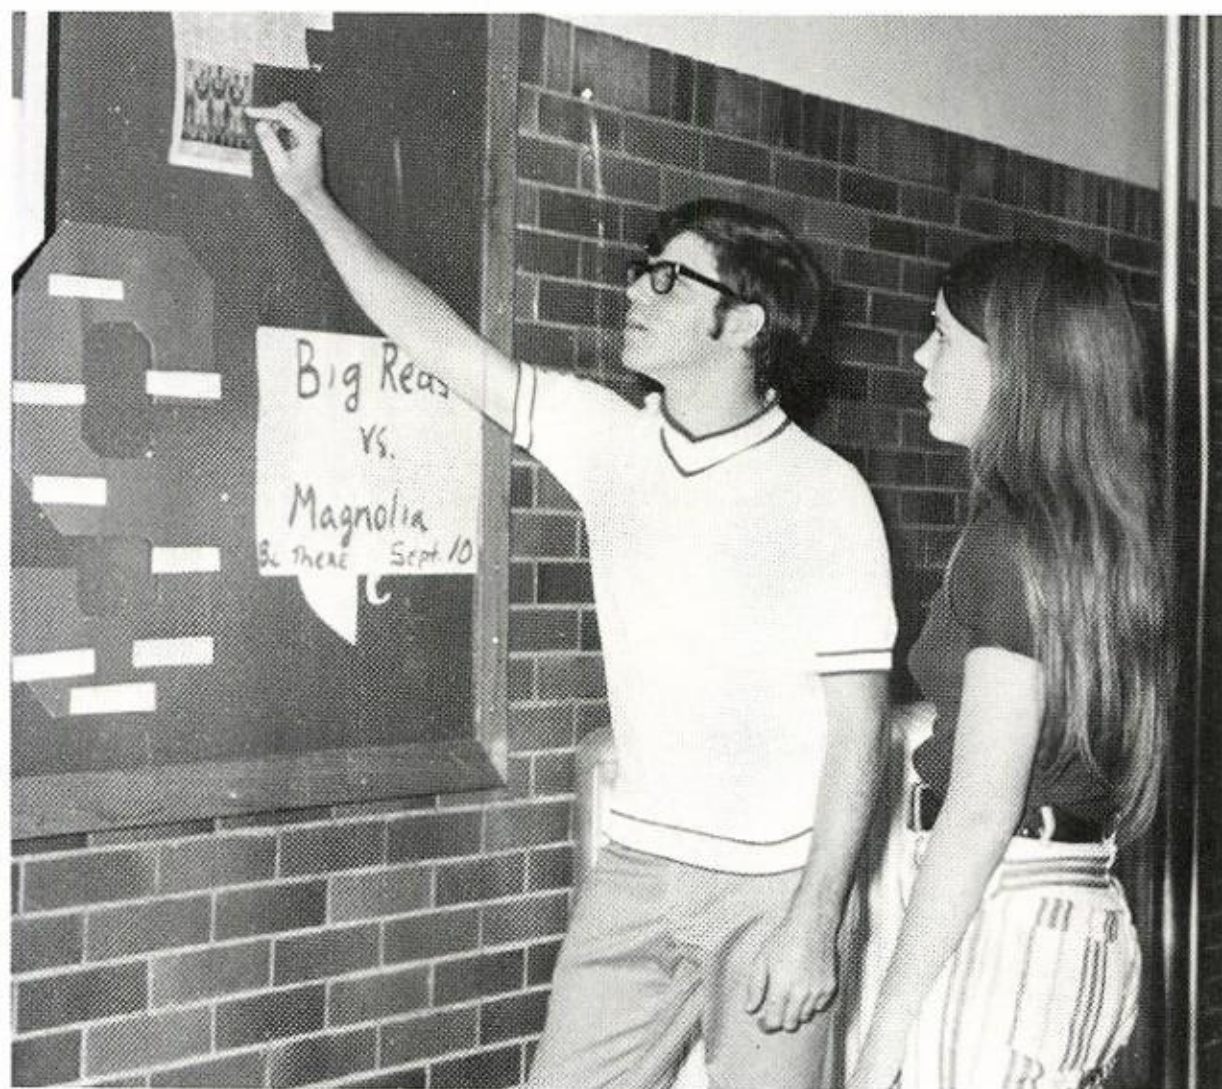

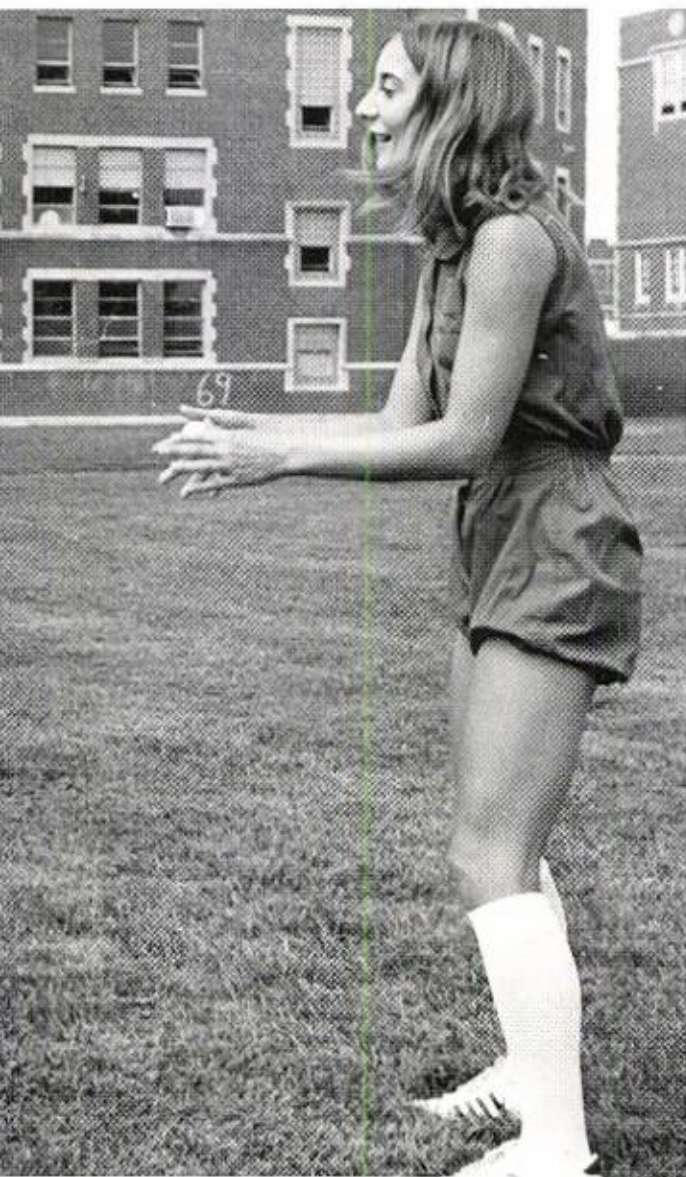

A blare of brass, a song of strings,
the ring of voices, and a clap of hands
sound out the beat of '72.

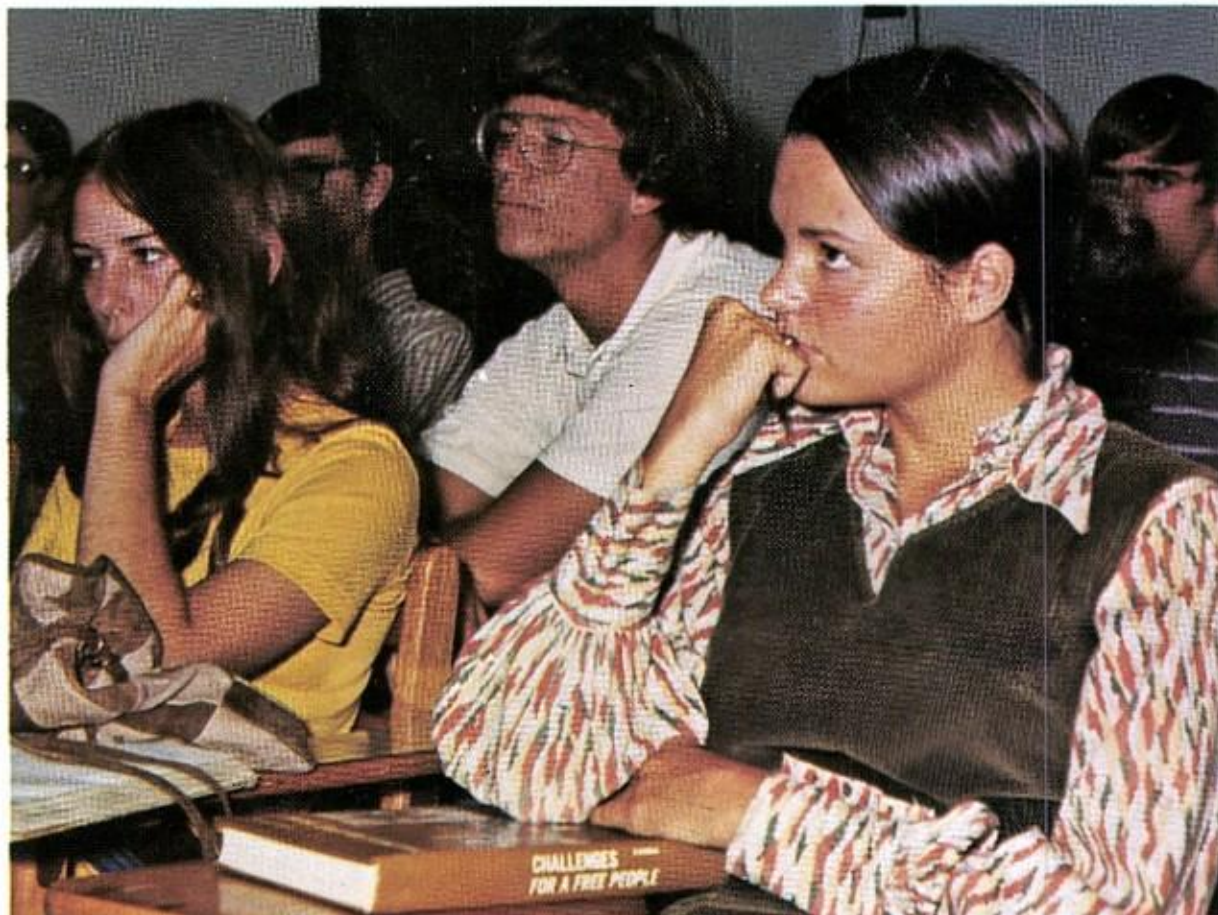

Individual interests
take students everywhere

Learning is an individual process . . .

First PHS Cross-country team produces state winner.

Having started Parkersburg High's first cross-country team, Kim Nutter, senior, held on to that word first by winning first place in six events — the Charleston Invitational, Huntington Invitational, Stonewall Jackson Invitational, Bellaire Touchdown Club Invitational, West Liberty Invitational, and West Virginia University Invitational.

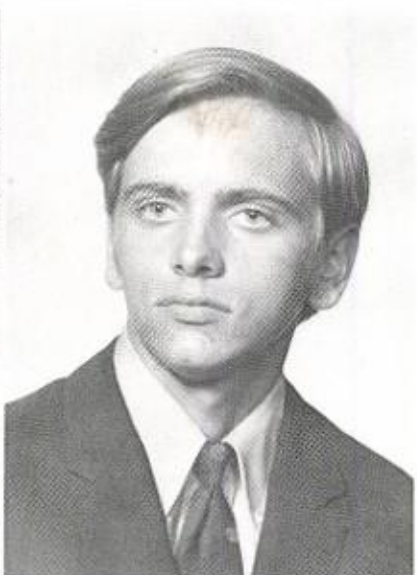

To top off the season, he ran first in the Regional meet in Wheeling and won the individual state championship in Morgantown, setting a new state record.

Random thoughts at year's end . . .

There are memories of times we've taken
life only half seriously; now we must open
our eyes and look to the future.

We say hello to the unknown and at the
same time goodbye to the familiar.

Adios to the high school; *au revoir* to study!
Hola to a new world; *bonjour* to life!

How long ago the sophomore year seems!
Days were slow, but a year went by so fast
that if we blinked we could miss it.

Don't look back; such action brings only
sadness.

Through good and bad we have loved and
hated school years, both at the same time.

The year we thought would never come
has come and almost gone.

The magic time of growing up is here;
tomorrow brings us freedom and responsibility.

Goodbye to hallowed halls; hello Vietnam,
for my draft number is low.

We will be from the old Alma Mater, not
a part of it any longer.

We must be grown up; we got the vote!

What direction now? We move into a time
of abiding by our own decisions.

Senior Class Song of 1972

The classes of the by-gone years
Have pledged to save the world,
But still it turns 'mid myriad tears;
No plan has been unfurled.

We'll go about our different way.
Our lives won't be entwined;
If we will live just day by day
The secret we will find.

We'll show kindness to our fellow man
Wherever we may see,
And always lend a helping hand
Wherever we may be.

Let's go from here without big plans
That we cannot fulfill,
But each of us by some small means
Can mold life to our will.

Julie Dodd

Barbra,
I really think of you as a great person. You've got a fantastic personality which makes
you so likable. Remember all of our classes together, (we've had quite a few) and stay smart
in Algebra. Hope to see you next year and if I don't always say, "Hi!!" Keep the job going
and don't have any operations - they may be rather embarrassing. Have fun this summer.
